Bachelor of Science *arts, commers & science college, Hardoli, Dist Bhandara* *2024*

WORK EXPERIENCE

Web Developer Intern

India Active Software Inc. (Nagpur) *June 2024 – October 2024*

- **Developed** responsive and high-performance **web applications**, enhancing user experience and efficiency.
- Ensured cross-browser compatibility and adherence to modern standards, improving accessibility.

Collaborated with developers and QA teams to deliver reliable, client-focused IT solutions.
Applied best practices in front-end development and optimization, improving scalability.

PROJECT

Vendor Registration Portal *October 2024*

HTML, CSS, JavaScript, Bootstrap

- Engineered a secure and responsive vendor registration platform with **robust client-side validation** for improved data integrity.
- Enhanced user experience through **real-time error handling** and feedback directly within the form interfaces.

Wallmart eCommerce Website Clone

- PHP, MySQL, Bootstrap, HTML, CSS, JavaScript 2025
- Developed a responsive eCommerce website clone with product browsing and user authentication features.
- Integrated MySQL database connectivity using PHP for efficient data handling and management.
- Designed a modern Bootstrap-based user interface to improve accessibility and user experience.

Smart Spend – Personal Finance Management System

- Java, JavaFX, JDBC, MySQL May 2026
- Developed a desktop-based finance tracker with income, expense, and monthly report management.
- Integrated MySQL using JDBC for secure transaction handling and real-time balance updates.
- Designed a modern JavaFX dashboard UI with responsive navigation and reporting features.
